

Why do I study Child Development?

You will have the opportunity to hone a range of skills in every unit, but there will be a keen focus on a skill and/or quality in each unit. These are mapped using the symbols.

What **transferrable** skills will I gain?

	Communication <i>Listening and responding to others</i>
	Team Working <i>Working with others to solve problems</i>
	Interpersonal Skills <i>Understanding social 'norms' e.g. turn-taking</i>
	Analytical Skills <i>Applying logic to unpick and evaluate</i>
	Problem Solving <i>Finding and implementing solutions</i>

What **qualities** will I develop?

	Self-Reflective, Resilient and Adaptable <i>You will think about and change your own performance</i>
	Empathy and Compassion <i>Understand the feelings of others</i>
	Cultural Awareness <i>Values, beliefs and perceptions of our own and other cultures</i>
	Self Motivated <i>Understand the importance of working hard for your own gain</i>
	Curious and Inquisitive <i>Ask your own questions; find your own answers</i>
